August 25, 2008

Welcome to Fall 2008

WELCOMING MESSAGES:

Welcome from the Dean

As Dean of the Associate Degree Program, I want to welcome all new and returning students to the Doheny campus. A new academic year often fills students with feelings of both excitement and apprehension. Academic achievement requires good time management, organization, and lots of hard work. Please know that our faculty and staff are here to help make your college life a success.

We are blessed with a beautiful pastoral environment in which to work and study. Our historic architecture and gorgeous trees provide an urban oasis for thought and reflection. During this first week, I would encourage you to allow our environment to give you both serenity and energy as you embark on this fall semester at Mount St. Mary's College.

Have a great academic year,

Dr. Patricia Disterhoft

A Message from the Assistant Dean

Welcome to all new and returning students.

I hope your summer was wonderful and relaxing. As Assistant Dean, I look forward to interacting with you this year. I invite you to seek me out and get to know me. My office is located in Building 10, 2nd floor, Office 20.

You may be wondering what the function of the Assistant Academic Dean is. I monitor your academic progress, assist with academic advising, administer policy, consult with faculty and meet with students individually on various issues.

Again, feel free to contact me at any time. I am here to assist you in succeeding at Mount St. Mary's College.

Good luck and have a great academic year!

Jeanette Stone

Emergency Notification Announcement

The Department of **Campus Security** and the Office of Information Technology are happy to announce that the Mount now has a mass notification system in place to inform the college community of any campus emergency or disaster which could impact college business. This notification system is a voluntary program which will allow those that sign up for the service to be notified of emergencies via email and/or text message to your personal cell phone and college email address. There is no cost to sign up for the service and normal text messaging rates will be applied if and when the notification system is activated. Signing up for the service is easy. Simply go to www.msmc.la.edu/ealert to create your account. You will be asked to provide your cell phone number and service provider. Once you have created your account, you will be redirected to another page where you can add your college issued email address. We strongly advise you to add both your cell phone number and email to your personal notification account to ensure timely notification of problems on or off campus. If you ever receive a message on your cell phone or email from this system, please follow the instructions carefully. Periodically during a crisis, updates will be sent out to keep you fully informed. Once the event or crisis has concluded, an all clear message will be sent letting you know that it is now safe to resume normal operations. We encourage all current students, faculty and staff to participate by visiting www.msmc.la.edu/ealert and signing up today for the new notification system here at Mount St. Mary's.

Holy Spirit Mass An All-College Event

We are very pleased that His Eminence, Cardinal Roger Mahony, the Catholic Bishop of Los Angeles Diocese, will be the presider for the Mass. Because we will be welcoming the Cardinal to Mount St. Mary's College for the first time in many years, both campuses will join together for this one celebration. Everyone—from Chalon and Doheny, faculty, staff and students—is invited!

Transportation will be provided. Please watch for information about signing up for the bus. Lunch will follow.

The Mass of the Holy Spirit is a gathering of the whole community and is customarily celebrated at the beginning of the academic year, in hope-filled prayer for its deepest success. Since Mass is at the heart of the Catholic tradition of spirituality, we set aside a special time for the community to gather and participate in this celebration.

Classes will be cancelled from 10:30—2:30 pm so that all students can attend.

We invite everyone to WEAR SOMETHING RED on that day, as a festive tribute to the symbolic color of the Holy Spirit.

Proper nutrition is extremely important in keeping our bodies healthy. Nutrition information can now be found everywhere including the internet, media, magazines, books, and so on. But how much of what you read or hear about is really true?

There are many different types of diets out there, diets to lose weight, diets low in salt, lactose free diets, gluten free diets, and the list goes. Many people consult their doctors about their diets, but have you ever thought about going to a nutritionist?

Some Reasons to see a nutritionist:

1. Diabetes
2. Eating Disorders
3. Weight Loss
3. High Cholesterol
4. You're on a special diet such as low salt, vegetarian, lactose free, gluten free

Get the year started right with the following academic tips:

Use an appointment planner with a daily calendar. Write assignments in your planner and record the date you should start working on them.

Keep a separate notebook for each course.

Attend every class. Students who skip classes miss out on valuable learning.

Take advantage of instructor's office hours to ask questions about lectures and readings.

Don't let yourself fall behind. Set regular times for studying each day.

Manage your academic anxiety by learning some stress management techniques. For help, call CPS at ext. 2668.

Our services are free and confidential.

Have an exciting and productive year!

Who's on The Doheny Campus? Where are all these people coming from?

The Doheny Campus serves many students in a number of varied programs. Here's who they are:

There are about 300 students in the **traditional Associate in Arts Program**. These students attend classes Monday through Friday from 8:00 a.m. through 6:00 p.m. Most of these students will earn an Associate in Arts degree in two years and transfer into the baccalaureate program at the Chalon Campus.

There are about 250 students in **Associate Degree in Nursing**

(A.D.N) program. Some of these students take classes beginning at 12:30 and some are in the evening cohort whose classes begin at 5:30 Monday through Thursday. On weekends, they are often seen in their nursing whites going out for clinicals. This is also a two year program.

There are about 62 students in the **Masters of Science in Nursing (MSN)** program. These students are on campus on Wednesday and Thursday evenings and on weekends. A cohort of 17 students are in the bridge program of A.D.N to M.S.N.

There are about 80 students in the **Accelerated Bachelor of Science in Nursing** program. These students have finished their Baccalaureate degree and, in one year, complete their nursing courses. They are on campus Monday through Thursdays. Their classes start at 7 a.m.

There are about 90 students in the **Doctorate in Physical Therapy** program. They are on campus during the day Mondays through Fridays and some evenings

We're all sharing the campus—parking, food services, study places, classrooms, etc. We're a multitude of programs, cultures, and ages all in pursuit of greater wisdom to serve others.

From THE REGISTRAR'S OFFICE

Registration for classes for the Spring 2009 semester begins
Monday, November 10, on Web Advisor.

Monday, Nov. 10, for Seniors,
Tuesday, Nov. 11, for Juniors,

**Wednesday, Nov. 12, for Sophomores (students
with more than 30 units completed),**
**Thursday, Nov. 13, for Freshmen (students with
30 units or less).**

All students have been assigned a time to register. If you did
not receive the email with your time, call the Registrar's
Office x2520 and ask them when you can register.

On Friday, Nov. 14, students can register for classes on the
Chalon Campus until 4 p.m.. They will not be allowed to
register for classes at the Chalon Campus until Friday.

When registering, a class may be full, and you are asked if
you want to be put on a **WAITLIST**. You are encouraged to
add your name to the waitlist so that department chairpersons
can see how many people want to register for that class. You
will be notified by email whether or not you are being added
to the class.

Students with **HOLDS** will not be able to register. **HOLDS**
can be put on from :

academic advisors (who will remove the **HOLD** as soon as
you have met with them for advisement),
by the **Business office** (because you haven't filed some form,
or taken care of parking tickets, etc),
by the **Student Financing Office** (because there is no official,
completed high school transcript or because a form is miss-
ing),

Ask your advisor if you have any **HOLDS**. Be sure all your
HOLDS are cleared.

NO REGISTRATIONS will be taken after Friday, Nov. 14,
at 4 p.m. until Friday, Nov. 28. This is called a **BLACK
OUT** period. During this time, department chairpersons are
looking at waiting lists and trying to see who can be admitted
or whether to add another section. Some courses with very
small enrollment may be cancelled.

Food Services

How many napkins
does it take to

Please try and take only two or three napkins for your lunch. Some of you are very generous and picking up napkins for everyone at your table. Then they don't need the napkins so you leave them on the table, and they blow away and make our campus look messy. Please try to take only the number of napkins that you will use.

E-mail!

The domain of student emails is @mysmsmc.la.edu. Student emails are the first four letters of first name, first four letters of last name, (and sometimes a number) so Jane Smith's email would be janesmit@mysmsmc.la.edu.

The domain of faculty, staff, and administration emails is @msmc.la.edu. Faculty emails are the first letter of their first name and their whole last name so Dr. Patricia Disterhoft's email is pdisterhoft@msmc.la.edu.

Some offices have emails. These emails stay @msmc.la.edu so Campus Ministry is campusministry@msmc.la.edu.

If you have email problems, call the helpdesk at x2970 or 213-477-2970.

PLEN

Women's Leadership takes great pleasure in announcing the names of the 2008 Public Leadership Education Network's (PLEN) Women, Law, and Public Policy Seminar participants. These students have been selected to spend 3 days in Washington, D.C. along with other female college students from across the country in early November. Through interactive panels, open discussions and dynamic briefings, students improve their understanding of the fields of law and public policy. In addition, students participate in a panel discussion on preparing for law school and beyond.

The 2008 PLEN Women, Law & Public Policy Scholars are:

**Mahealani Barr
Daisy Esqueda
Yevgeniya Kutepova
Leslie Machuca
Diana Vera**

These students are to be commended for their wonderful accomplishments. We are certain that they will serve as outstanding ambassadors and represent the Mount well in our Nation's capital. Please join us in applauding the efforts and achievements of these students and wish them well as they prepare for an amazing week in Washington, D.C.!

ABOUT PLEN

The Public Leadership Education Network (PLEN) is the only national organization whose sole mission is preparing women for public leadership. Mount St. Mary's College is one of 17 colleges and universities who are members of PLEN. PLEN member institutions offer students opportunities to learn about and practice leadership as student government leaders, public policy interns and community service volunteers. PLEN institutions offer courses on leadership and sponsor women's leadership institutes that serve women in their region.

Most students experience some level of academic anxiety. However, when anxiety affects your academic performance it has become a problem. Here are some tips to combat excessive academic anxiety:

- Develop good study habits and strategies.
 - Manage your time (deal with procrastination, distractions, and laziness.)
 - Organize material to be studied and learned.
 - Take a step by step approach to build a strategy and not get overwhelmed by outside pressures of success or failure, consequences, peer pressure, competitiveness.
- Review past performances on tests to improve and learn from experiences.

If you are aware that you have a problem with academic anxiety, try talking about it with your professor before any testing begins (and not the hour before!). Also, feel free to stop by CPS to work with someone to reduce your anxiety! Our services are **free** and **confidential**!

We are located on the 1st floor of McIntyre and we can be reached at x2668 to make an appointment!

COUNSELING & PSYCHOLOGICAL SERVICES

Ruminating is a style of thinking where ideas run in circles in your brain. It means obsessing about problems or situations instead of moving into action. The problem with rumination is that it can lead to **anxiety** and **depression** while the problem remains unsolved or may even get worse. If you find that you are spending too much time thinking about a problem without taking some action, you may want to talk to another person who can give you some feedback that can help open up your thinking and will lead to effective action. Friends, family members, teachers, and counselors are there to help; just ask!

If you feel like you need to talk to someone, please contact the Counseling & Psychological Services at Ext. 2668 to schedule an appointment with a counselor.

Counseling is free and confidential

Save time, gas, and your sanity by living on campus

If you are tired of driving long distances and paying high gas prices, if you are frustrated with sitting in traffic and if you want to enjoy the personal and academic advantages of living on-campus, there are a limited number of spaces available in the Chalon and Doheny residence halls for Spring 2009. These spaces will be filled on a first-come, first-served basis!

If you are interested in housing, Chalon undergraduate students need to contact the Chalon Residence Life Office at (310) 954-4325 and Doheny undergraduate students need to contact the Doheny Residence Life Office at (213) 477-2661 to place their name on the Housing Pending Status List.

Residence Life will contact the Office of Student Financing and the Business Office to verify eligibility.

Each student must be registered full time (12 units or more), must not have any holds on her account and must be in good standing with the College.

Once eligibility requirements are complete, we will contact students on the Housing Pending Status List during Winter Break. Students must make financial arrangements if they do not have enough financial aid to pay for the room via additional loans through Student Financing, setting up a payment plan or paying the full cost out-of-pocket with the Business Office. Once financial arrangements have been verified, students would pay a \$100 housing deposit at the Business Office.

Don't miss this opportunity to experience living in the residence halls.

A PRAYER FOR FINALS

O GOD,

*It seems as though our lives
are one test after another,
weighing us in somebody's balance.*

*Save us from taking the coming tests
too seriously or too lightly,
but grant that we may reflect
the best of the work we've done
and the best of the teaching we've received.
Amen.*

WELCOME BACK!

A New Year! A New Semester!

A New You!

The New Year is a time to look back and also to look ahead. Take some time to

evaluate how things went last semester. What went well? What would you like to change? Then think about how you can make those changes happen. Set some specific goals for your academic, social, and personal life. If you want some suggestions on how to do this, look at the "Guide to College Survival" section in your MSMC Student Handbook, or call Counseling and Psychological Services to make an appointment to talk with a counselor.

LET'S WELCOME Resident Campus Minister Intern Jessica Coblentz

We are pleased to have Jessica joining our Campus Ministry team. She will be an additional presence to support the spiritual life of students at Doheny. We know you will enjoy getting to know her! She will be living in House 7, so you will see her frequently around the campus.

Born and raised in the Seattle area, Jessica first came to California to study Religious Studies and Women's & Gender Studies at Santa Clara University. During her time there she was an active participant and leader in campus ministry, social justice and gender advocacy, and residence life as both an RA and a peer resident minister. She is passionate about the experiences of young women in Catholicism, an interest she hopes to explore through resident ministry opportunities here at the Mount. When she's not working at MSMC or the Archdiocese of LA where she serves as an intern in young adult ministry, Jessica enjoys cooking, traveling, reading, blogging, and playing outdoors.

Is Fitness and Health in Your New Year's Resolution?

Every January, holiday indulgences and the passing of youth seem to unite us to make some new year resolutions with diet and exercise. So you get excited and set some new goals for yourself. Research tells us by February, health club operators say that the newcomers stop coming in. At least 40% will quit. Most will try to take on too much. You know you had all the right intentions. You really want to succeed.

All you need is to commit to starting a new life-style. It's important to set short term goals and keep it simple. The KISS philosophy. Start slow, very slow if necessary, and go from there. Start off with reasonable and attainable goals...maybe go twice per week or three times. Try to eat better also. Nobody expects you to change every unhealthy aspect of your life all at once. Small changes over a long period of time will amount to great results.

The Doheny Fitness Center is open 7 days a week. Our friendly customer service oriented staff is here to help you. We have our Focus Program if you need some help as to where to start in a new program. We also have our "express" programs for you if time is short. Both swimming pools are heated and we even have a towel for you.

Please check our web page for any changes in our hours: <http://www.msmc.la.edu/pages/1771.asp>

Our Fitness Classes are up and running and they are 99% full. We hope to see you soon. Good luck to all that have taken on a new challenge, goal or small improvement to your health.

Study & Meeting Space

Do you need a place to meet with your friends, to study in groups, to visit with classmates? We have GOOD NEWS for you!

On the Doheny Campus, Ahmanson Commons will be open until 11:00 PM every night.

In order to make this work we are asking everyone to leave the dining rooms in good order at the end of the night. Enjoy this opportunity to spend time with your classmates studying, talking about life and learning, and generally being a part of a great community.

Feeling Blue?

If you have been suffering from symptoms of depression during the winter months, with symptoms subsiding during the spring and summer, you may have the winter blues, also known as "Seasonal Affective Disorder" (SAD).

To help alleviate some of these symptoms, try some of these tips:

Spend time outside in the sun as much as possible.

Go exercise.

Spend time in full spectrum lighting. These come in box forms and can be purchased off campus.

Check out the CPS bulletin boards for more tips and information.

For more information contact Counseling & Psychological Services (CPS) at 213-477-2668 to make an appointment. We are located on the first floor of the McIntyre Residence Hall.

"The Clothesline Project"

Did you know that 20-25% of college women experience a completed or attempted rape during their college years? Or did you know that every 15 seconds, a woman is battered, usually by her intimate partner, in America. Again this year we are going to break the silence about violence against women at "The Clothesline Project" on Feb. 9-11 at Chalon in The Circle from 10am-3pm and Feb. 10-12 at Doheny from 11am-2pm

The Clothesline Project began in 1990 by a coalition of women's groups who wanted to educate, break the silence, and bear witness to violence against women. Survivors tell their story through art and words that are placed on T-shirts. Family and friends can also decorate t-shirts to demonstrate solidarity with survivors. The T-shirts are then hung on clotheslines on campus for display. There will also be a table with educational material on types of abuse, consequences of violence, and prevention. It is estimated that there are 500 projects nationally and internationally with 50,000-60,000 T-shirts.

Please help break the silence and show support by encouraging your students to participate in this meaningful event; if appropriate, perhaps students can earn extra credit for participating. It is an opportunity to raise awareness about the impact of violence against women and celebrate a person's strength to survive. Please call me at x4112 if you would like to more information.

Let's talk nutrition

Proper nutrition is extremely important in keeping our bodies healthy. Nutrition information can now be found everywhere including the internet, media, magazines, books, and so on. But how much of what you read or hear about is really true? There are many different types of diets out there, diets to lose weight, diets low in salt, lactose free diets, gluten free diets, and the list goes. Many people consult their doctors about their diets, but have you ever thought about going to a nutritionist?

Some Reasons to see a nutritionist:

1. Diabetes
2. Eating Disorders
3. Weight Loss
3. High Cholesterol
4. You're on a special diet such as low salt, vegetarian, lactose free, gluten free
5. Digestive Problems such as Irritable Bowel, constipation, etc.

Due to the importance of proper nutrition in our daily lives,
Student Health Services is proud to bring back an experienced Registered Dietician right to
your campus.

Joy Murosako, RD, MS, CDE is here each month to help you with your nutritional needs.. We plan to continue this service next semester as well. Please note that this service is only available to the students. However, if you are a staff or faculty member reading this e-mail, please feel free to refer students to the nutritionist.

Inter-Program Transfer Award

The Inter-Program Transfer Award has been established to recognize the academic achievement of traditional sophomore students and first year Pre-Health Biology students in the Associate in Arts program who wish to continue at Mount St. Mary's College, Chalon campus in the Baccalaureate program (you must have completed a "Program Change Application"). For information on the guidelines/instructions and how to apply, please go to the following website: <http://www.msmc.la.edu/pages/4468.asp> Questions, contact Jeanette Stone, Coordinator, Inter-Program Transfer at (213) 477-2559 or jstone@msmc.la.edu.

Violence, it comes in all shapes and sizes. Whether you are a victim or survivor, friend or family member; it leaves its mark. The marks will look and feel different for each person and never completely disappear. Tackling the issues of abuse, violence, and stalking might seem overwhelming, but you can make a difference.

Call the police if you experience or observe abuse, violence, or stalking. Don't assume someone else has made the call.

Support a friend or family member who may be in an abusive relationship. They are in a tough situation and need all the support they can get.

Seek support if you are experiencing or have experienced abuse. You are not alone and help is waiting for you.

Don't tolerate mistreatment. Speak up to educate anyone that mistreats others and lead by example.

Protect yourself. Take a self-defense class or read about trusting your fear (e.g., *Gift of Fear*). Be aware of your environment and potentially dangerous situations.

Get involved. Volunteer at domestic violence shelters; be a part of campus programs.

Break the silence! It does make a difference.

Call Ext. 2668 to schedule an appointment with a counselor. Counseling is free and confidential. You will find us in

McIntyre Residence Hall, first floor.

Are you in a healthy relationship?

Abuse doesn't happen just to other people. It can happen to *anyone*.

Ask yourself the following questions about your relationship:

- #1 Does my partner's **JEALOUSY** stop me from seeing friends or doing things that I enjoy?
- #2 Does my partner make fun of me, insult me and/or my family and/or friends and **HURT MY FEELINGS**?
- #3 Does my partner make the decisions about how to spend our time with each other and about the extent of our sexual activity?
- #4 Do I feel uncomfortable saying "No" to my partner?
- #5 Has my date or partner **EVER THREATENED ME** or someone or something I care about in order to get what he/she wants?
- #6 Has he/she ever **PUSHED, SLAPPED OR HIT ME**? Has he/she ever held onto me when I asked to be let go?
- #7 Do I ever **FEEL PRESSURED BY MY DATE** or partner to do things that make me feel uncomfortable?
- #9 Does my partner blame me and make me feel bad about myself when he/she messes up or when things go wrong?
- #10 Does my date **ALWAYS NEED TO KNOW** what I am doing?

If you answered YES to any of the above questions, you may be in an abusive relationship.

If you have questions about your relationship, call Ext. 2668

Meeting Soraida will overturn any preconceived notions you may have about Palestine. In her neighborhood in Ramallah, the women do not all wear veils, the men do not rattle off empty political slogans, the young people do not strap bombs to their belts, and the children play together like children everywhere. In this city under siege and a strict curfew, she fights her own battle: despite the military occupation, violence and oppression, she is determined not to lose her humanity. In chronicling daily injustices and routine indignities— will there be enough water for the plants? Will school be open today? – this powerful documentary paints a subtly devastating portrait of life under occupation. Soraida wonders how to reconcile the multiple facets of her identity – as a woman, a mother and a committed Palestinian. As a patriot, she is tempted to join the struggle, while as a mother, she is responsible for her two children and must keep her distance.

Having a Positive Outlook

Maintaining a positive attitude can make the stresses of life seem more manageable and less significant. If you are finding it difficult to maintain a positive outlook as you work towards finishing the semester, try shifting your focus.

Practice positive self-talk. Notice how you talk to yourself. Are you encouraging or do you get down on yourself?

How is your cup? Is it half empty or half full?

Find something positive out of everyday.

Acknowledge when you have completed tasks and assignments. Those are accomplishments.

Smile! It's difficult to be angry or feel guilty when you have a smile on your face.

Call Ext. 2668 to schedule an appointment with a counselor. Counseling is free and confidential. You will find us in McIntyre Residence Hall, first floor.

March is International Women's Month 2009 theme: Women and men united to end violence against women and girls.

In Afghanistan, women live under monstrous oppression by both Jehadi and Taliban fundamentalists in disastrous situations where most of their basic human rights are denied. Education remains restricted and 79 percent of Afghan women cannot read. Women's healthcare is poor and Afghanistan has the second highest maternal mortality rate in the world. Many women and girls still fear attending school, working, traveling or appearing without a *burqa*. Forced marriage, rape and abduction remain common.*

*Statistics provided by UNICEF.

LOOK at the faces of women in Afghanistan

Due to forced marriages, women are vulnerable to domestic violence.

Husbands beat, cut and burn their wives.

The education of girls is banned in over 90 percent of the country. Girls going to school in Kabul were ambushed by some men who threw acid on them, scarring them for life.

Women in Afghanistan lack access to basic education and health care. They must wear the *burqa* at all times in public.

RST 23 (Spiritual Journeys of Women) is working to raise awareness about the plight of women in Afghanistan. We need your help. Please make a donation in the boxes provided around campus. We will send all proceeds to aid women in Afghanistan. Thank you!

WHAT TO EAT AND WHAT NOT TO EAT

That is the question.

Do any of these concerns sound familiar:

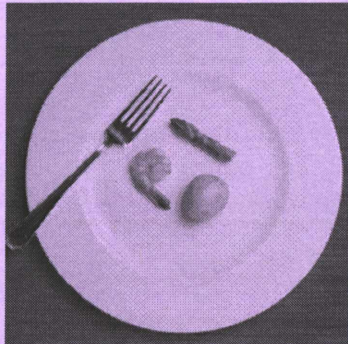

- ❖ Your greasy food intake
- ❖ Developing healthier eating habits
- ❖ Unexpected weight gain or weight loss
- ❖ Eating the right amount of portions per meal

If yes, you're not alone! Please join Student Health Services for a special Nutrition Event. Healthy refreshments will be served!

Open to Faculty, Staff and Students

Tuesday, March 24, 1:00—2:00
Donohue Center

Do you have a healthy relationship with food?

Can you eat when you are hungry and quit when you are satisfied?

Do you stop eating because you think you should (as opposed to because your body is satisfied)?

Do you make food choices based on foods you enjoy (as opposed to foods you think you should eat)?

Do you trust that if you eat when you are hungry and stop when you are satisfied, you will not get fat?

If you answered **NO** to questions 1, 3 and 4, and **YES** to question 2, than you may have an unhealthy relationship with food that may be interfering with daily life and may negatively affect your overall health.

If you think you have an unhealthy relationship with food, call Ext. 2668 to schedule an appointment with a counselor. Counseling is free and confidential.

You will find us in McIntyre Residence Hall, first floor.

March is International Women's Month

2009 theme:

Women and men united to end violence against women and girls.

In Afghanistan, women live under monstrous oppression by both Jehadi and Taliban fundamentalists in disastrous situations where most of their basic human rights are denied. Education remains restricted and 79 percent of Afghan women cannot read. Women's healthcare is poor and Afghanistan has the second highest maternal mortality rate in the world. Many women and girls still fear attending school, working, traveling or appearing without a *burqa*. Forced marriage, rape and abduction remain common.*

*Statistics provided by UNICEF.

LOOK at the faces of women in Afghanistan. Due to forced marriages, women are vulnerable to domestic violence. Husbands beat, cut and burn their wives.

The education of girls is banned in over 90 percent of the country. Girls going to school in Kabul were ambushed by some men who threw acid on them, scarring them for life. Women in Afghanistan lack access to basic education and health care.

They must wear the *burqa* at all times in public.

RST 23 (Spiritual Journeys of Women) is working to raise awareness about the plight of women in Afghanistan. We need your help. Please make a donation in the boxes provided around campus.

We will send all proceeds to aid women in Afghanistan.

Thank you!

Easter Eggstravangza is coming up April 21st and finals are around the corner. While final exam week is important to your overall grades, don't let the stress overwhelm you. Take time to relax and this will help you to absorb more and perform better on exams. Here are tips on reducing your stress and anxiety while you're getting ready for finals.

Start studying early. Prepare for finals even before the actual week of exams. It would be extremely stressful and hard to cram an entire semester's worth of information into one or two nights of studying. You will get a lot more studying done and even have a chance to relax if you start early.

Try to relax. Take mini breaks in-between studying. Close your eyes and picture a peaceful scene while you relax your muscles.

Get enough sleep. Getting 7 hours of sleep each night can refresh your mind and help you recover from the stress of studying for finals.

Take time out for fun. Go bowling, treat yourself to a movie, take a walk, write in a journal or stretch.

Eat well. Try to eat more fruits and vegetables and reduce intake of coffee, black tea, sodas, chocolate and alcohol.

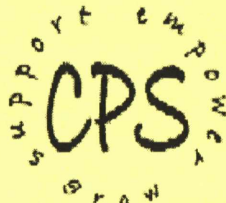

Be confident that you will do well. If you still feel unsure and unprepared after long hours of studying, talk to someone about it.

While pressure of finals is unquestionably stressful, the stress reduction tips mentioned will help you cope better under stress and feel better.

Good luck on finals.

If you need more help dealing with time or stress management, call Ext. 2668 to schedule an appointment with a counselor. Counseling is FREE and Confidential.

Know Your Goals

The end of the semester is quickly approaching. With all your responsibilities, it may be harder for you to remain **on track** and **stay organized** in order to pursue your academic goals. Here are some ways you can stay motivated and continue working hard to achieve academic success.

Know your goals. When you can see your goals and imagine what the end results will be, you are more likely to stay motivated.

Remind yourself why you're here. Think about your main reasons you are here (i.e. personal accomplishment, making parents proud, getting a good job). Keep this in mind when you feel tired and overwhelmed.

Follow a Plan. You will have an easier time staying motivated when you make a plan and stick to it.

Stay Organized. Keep your days planned out and schedule time for family and friends. Staying organized will make it easier for you to remain focused on your set goals.

Make time for fun. When you start to feel frustrated and drained, take time out to treat yourself to a movie, take a walk, or exercise. This will boost your energy and better your mood, overall helping you stay motivated.

Good luck on finals!

If you need more help dealing with staying on track or remaining organized, call Ext. 2668 to schedule an appointment with a counselor. Counseling is **FREE** and **Confidential**.

Crunch Time!!!

End of the college year can be stressful with so many responsibilities. Finals are just around the corner and may be starting to take a **toll on your energy**. What can you do? The next time you notice feeling tired and drained, try some of the following ways to relax and regroup.

Do something you love. Taking on an activity you enjoy such as painting, going to the beach or walking at a park can help you relax both emotionally and physically.

Listen to music. Listening to relaxing music can help soothe you when you feel stressed and tense.

Take a hot shower. Give yourself half an hour in a day to take a long hot shower and unwind.

Find thirty minutes of 'alone time' in a day. Meditate, write in a journal or do yoga.

Most importantly, communicate. Talk to people you trust like a friend, roommate or a family member about thoughts and feelings that may be weighing you down.

Although these ideas won't reduce your workload, they will still give you a chance to de-stress and re-energize.

To find out more information on relaxation contact **CPS- Counseling & Psychological Services** (213) 477-2668.
